Experience

Intern as Web Developer at Cognifyz Technologies

B.Tech, Computer Science and Engineering Executed tasks for web applications, enhancing functionality and user experience with web development technologies. Collaborated with the design team to create responsive and userfriendly iinterfaces.

Education

Madhav Institute of Technology and Science Gwalior   October 2021 – June 2025
B. Tech, Computer Science and Engineering (7.1) CGPA   *Gwalior, India*

Relevant Coursework
* Programming in C++
* Data Structures and Algorithms
* Operating System
* Computer Networks

Govt. Subhash Excellence HS School   July 2019 – April 2020
Class 12th, Mathematics (85.2%)   *Bhopal, India*

Govt. Excellence HS No.1 School   July 2017 – April 2018
Class 10th (92%)   *Chhatarpur, India*

Technical Skills

Languages: C++, JavaScript, Python, TypeScript, SQL

Front-end: HTML5, CSS3, React.js, Next.js, Bootstrap, Tailwind CSS

Back-end: Node.js, Express.js

Database: MySQL, MongoDB

Other Skills: OOPS, DBMS, DSA, Problem Solving, Teamwork

Developer Tools/Platforms: Windows, Microsoft Visual Studio, GitHub, Vercel

Personal Projects

Personal Notebook | *React js, Node.js, Express.js, MongoDB*

implemented a MERN stack web application utilizing ReactJS, ExpressJS, MongoDB, and NodeJS (MERN stack). Implemented user authentication, safe storage, data management and CRUD operations for user-generated content.

NewsApp | *Front-end, React.js, API Integreation*

Built a high-performance news application featuring a responsive design and seamless integration with a real-time news API. Significantly enhanced user engagement and attracted a wider audience.

Advanced Password Generator | *React.js, Tailwind CSS*

Developed a user-friendly web application to generate secure passwords with customizable options. Implemented features allowing users to specify password length, include characters, numbers, and special characters, and seamlessly copy the generated password to the clipboard.

Achievements and Certifications

- Solved 400+ DSA questions on Leetcode, HackerRank, GeeksforGeeks, and Codechef.
- Successfully cleared the Super 100 Exam, a highly competitive exam that selects the top 100 students from across the state.
- NPTEL Certification of Big Data Computing and Deep Learning from IIT Kanpur and IIT Ropar respectively with (**Elite**) badge.
